PROFESSIONAL SUMMARY

Data Science undergraduate at MMU seeking a **14-week internship (July–October 2026)**. Proficient in Python, SQL, Power BI, and statistical data analysis, with hands-on experience in exploratory data analysis, dashboard development, and database systems. Strong leadership and collaboration skills, with a passion for applying data to solve real-world problems.

EDUCATION

Bachelor of Computer Science (Hons.) in Data Science

Multimedia University 2024 - Present

Foundation in Information Technology

Multimedia University 2023 - 2024

TECHNICAL SKILLS

Programming Languages: Python, SQL, C++, Java, HTML, CSS

Databases: SQLite, MySQL

Data Analysis: Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Statistical Analysis

Other: Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Adobe Photoshop, Adobe Premiere Pro, Canva

Libraries & Tools: Pandas, NumPy, Jupyter Notebook, Git, Power BI, R

PROJECTS

FreshFizz Sales Performance Analysis - (Individual Project)

R • RStudio • ggplot2

- Analyzed sales performance before and after a new product launch using descriptive statistics, confidence intervals, one-way ANOVA, and Pearson correlation.
- Created visualizations and performed normality testing to evaluate sales trends and support statistical assumptions.
- Interpreted statistical findings to assess the impact of the product launch and provide data-driven business recommendations.

Vehicle Sales Analysis - (Group Project - Project Leader)

Python • Pandas • NumPy • Scikit-learn • Matplotlib • Jupyter Notebook

- Cleaned and preprocessed a 558K+ record vehicle sales dataset by handling missing values, correcting data types, and engineering new features.
- Conducted exploratory data analysis (EDA) and correlation analysis to identify key factors affecting vehicle selling prices.
- Built and compared Linear Regression and Random Forest Regression models for price prediction, evaluating performance using MAE, RMSE, and R².
- Visualized findings and communicated insights to support data-driven decision-making.

EXPERIENCE & LEADERSHIP

Gerek (Startup Business) | Founder

2026 - Present

- Initiating a student transportation platform, conducting **market research and analyzing user demand**
- Evaluated competitor landscape and identified potential business models
- Received guidance from **Entrepreneurship Development Centre (EDC)** on business strategy and feasibility

MMU Awards 2024 | Event Director

2024

- Led **100+ committee members** for large-scale university event
- Oversaw management of **RM100,000+ budget**, ensuring effective allocation and financial planning
- Coordinated with external sponsors and internal departments

Students' Representative Council | Executive Officer

2024-2025

- Oversaw operations of **60+** student clubs and societies
- Led initiatives and supported large-scale events, ensuring smooth execution and cross-team coordination
- Mentored and guided student leaders to strengthen leadership and organizational effectiveness

Additional Leadership & Involvement

2024-2026

- Held roles including **Treasurer, High Committee Member (Clubs), and Head of Divisions** across multiple events
- Assisted in university and external events, such as **KWSP** and **MotoGP** at Sepang International Circuit
- Managed budgets of up to **RM150,000** for large-scale events, logistics planning, and multimedia content production
